Use the APSU Enterprise link on Physical Plant's Web Site. On the link, once you pick your vehicle it will take you to the "renters Information" section. Under the "main information" block it will indicate "credit card type"; however, in the next block under "corporate account details" if your trip is on behalf of APSU you can check the "yes" box and then check "yes" to bill directly to APSU. It will then ask you for a billing number. You will need to contact Earleen Barefoot, 931-221- 7039, or Debbie Suiter, 931- 221-7021, for that number. If you want to pay by credit card instead, you can enter your travel card number that you get from Procurement and Contracts.

If you have any problem with the Enterprise web site please contact:
