WE ARE SO
GLAD YOU
DECIDED TO
BECOME A
GOVERNOR!

WELCOME TO APSU!

I am so excited that you made the decision to transfer to Austin Peay. As a student who made the same decision in undergrad, I can assure you it was the right one! Austin Peay is an amazing institution with faculty and staff that put students first. Although we are the fastest-growing public university in the state, we have kept our close-knit campus community.

As a transfer student, I know it's easy to get wrapped up in finishing your degree and not take advantage of the many involvement opportunities at APSU. However, I want to challenge you to find your spot at the university. Whether it be joining a student organization or hanging out in the Transfer Center, please make yourself at home. As a transfer student, know that you are not only becoming a Gov for the next couple of years, but for life. I look forward to meeting each of you this year!

Lets go Peay,

Ashley

How can I see my evaluated transcript?

4

Your evaluated transcript will be available for online view via OneStop. Login to **OneStop** > Web Self **Service** > your online transcript will be under **Student Records** within the Student tab.

Transfer FAQs

5

How do I find student organizations & events?

How, where & when do I confirm/pay for my classes?

6

The date for confirming classes varies by semester; however, it is posted on the Academic Calendar. The Academic Calendar can be found on the website under the A-Z Index. You will confirm and pay for your classes through **Web Self Service**. It falls within the **Student Account** section under the **Student Tab**.

7

How do I find out my advisor's name?

You will receive your advisor via email once you have completed your online orientation. If you attend in-person orientation, you will be advised that day. You can also find your advisor's information on **OneStop**. Simply login to **Onestop.apsu.edu** and find the button that says **Advising Page**. Once you select the correct term, your advisor's name will be in the top right corner.

Can I come to Welcome Back events?

8

Absolutely! These events are created for you in mind as well! They are not just created for first-time freshman. Remember this is your college experience- make it a great one! Don't think you aren't able to make the most out of it as a transfer student. 17

Advising and Registration

Advising

Austin Peay State University provides academic advisors for every student at the university. Students are required to meet with their advisor before registering for classes each semester. During this meeting, the advisor will provide guidance to help each student reach his or her academic and career objectives. Advisors will also discuss the recommended class schedule for the upcoming semester and will clear the students for registration. We recommend taking notes at your advising appointment.

Registration

After talking with an advisor and being cleared to register, you may then plan your schedule with the class list provided. This can be done using OneStop. Registration can then be confirmed when your classes are fully paid.

How to Register

1. Complete orientation online or in-person
 2. Get advised! You must first meet with your advisor to get cleared to register.
 3. Log into APSU OneStop and find the "Web Self Service" tab.
 4. Click on "Student" then "Registration."
 5. Click "Add or Drop Classes" then select the correct term
 6. Go to "Class Search" and select your desired subject.
 7. Select the day and times that work best!
- Stop by the ANTS Center for more helpful tips on how to register!

TRANSFER STUDENT LEADERS

TSLs serve as a mentor to newly transferred students at APSU. Once admitted, each transfer student will be assigned a TSL that will help them navigate from admissions to enrollment. Your TSL will help you through each step of your enrollment process and will continue to check-in on you via email during your first semester at APSU.

TSL Programming

Each semester the TSLs host at least one program. These programs can vary from educational to social. Stop by one of the many TSL programs to get free stuff and meet other transfer students! All TSL programs can be found on PeayLink.com under the Adult, Nontraditional & Transfer Student Center's page.

TSL Office Hours

The Transfer Student Leaders (TSLs) have an office in the A.N.T.S. Center. Email your TSL to schedule a time to meet with them to tour campus, talk about involvement, or just chat about how your transition to APSU is going. They have experienced the transfer transition and are an excellent resource.

T-Shirt Swap

Still rocking your previous institutions shirt? Stop by and trade us your old shirt for an APSU t-shirt! Visit the A.N.T.S. Center during operating hours to trade a TSL for an APSU shirt.

Want to be a TSL?

Applications typically open in March of each year. Make sure to follow us on social media and through you email for updates on when our next application opens.

CAMPUS LACTATION SPACES

The A.N.T.S. Center has a lactation space available. Stop by the ANTS Center to have a tour of the space and to receive exclusive swipe access to the center for after-hour lactation needs. This space can also be utilized for other medical purposes that require privacy; however, priority will be made for lactation use. In addition to a private space to nurse or pump, the lactation room also offers a variety of essentials in case you leave any supplies at home, like- nursing pads, storage bags, nipple cream, and pump sanitation supplies. The lactation space is equipped with lockers and a refrigerator. This allows you to leave any items or milk as you go about your day. With your swipe access you can return to the center before you head home to grab any items.

The university has purchased Mamava Pods that can be found in the Music/Mass Communications (in the Mezzanine) building and Sundquist Science Complex (wint A on the 3rd floor). These pods are accessible through a code; these codes and instructions are clearly displayed at the pods. The Mamava Pods are comfortable, quiet spots where you can quickly pump in between a lab or class.

The library has a lactation space in room 230. The lactation room is located in the back left-hand corner of the main floor of the library. There is a single chair and table in the room; however, we recommend those utilizing the room to bring their own sanitation wipes. The room remains locked, so please visit the front, checkout desk to receive the key.
