Course Scaffolding

How do we scaffold information literacy?

ACRL Standards and Framework

- Framework is a list of information literacy concepts
- Standards are a list of practical information literacy skills
- Map the Standards to the Framework

Majors and Concentrations

- Develop a information literacy plan for majors and/or concentrations
- Find appropriate classes for instruction
- Organize instruction sessions over student academic career
- Create lessons that reflect the coursework
- Tailor plans to reflect increasing student competency

Course Scaffolding

What's the point?

- Fewer repeat sessions for students
- Maximize number of students involved
- Instruction sessions relevant to coursework
- Organized development of concepts
- Stronger information literacy skills for students

Course Scaffolding

Some examples of scaffolded classes

HHP – Public Health Concentration

HHP 2250 (fall and spring) - Research process for writing or presenting

HHP 4010 (fall) -How to use databases to find information/Citing information

HHP 3600 (spring) -How to Read an article/How to evaluate information

HHP 4800 (spring) - Searching the Literature for Evidence -based information
